

SCSA Website

Our new Website is live!

Dear members, collectors, dealers and shell friends,

The new Website for Shell Collectors SA has finally gone live! You may access it at the following web address:

- <http://www.scsa.co.za>

Please have a browse, enjoy the new content and distribute the link to other interested parties.

In addition, I would appreciate any constructive feedback on the site, including suggestions to improve it, any mistakes you may have discovered, ideas for expansion, and so forth. Please note that certain areas are "a work-in-progress" – for example the Shell Gallery", which will be growing constantly over time.

But, if you have any comments or ideas, drop me a line via my email at andrepm32@gmail.com, and I will see how we can accommodate the requests.

We will endeavour to keep the site fresh by updating content regularly.

Enjoy!

A handwritten signature in black ink, appearing to read "Andre P. M. Seed".

Shell Collectors SA

Passionate about Shells

"To further the study of Mollusca in general, and South African Mollusca in particular, and secondly, to add to the existing data and scientific records concerning South African Mollusca."
